So, you've chosen or purchased your **ELECTRIC or PLUG-IN HYBRID VEHICLE?**

LET'S GET STARTED!

START

1

It is **very important to select a fully-qualified, reputable and certified company to install your electric vehicle (EV) charger.** For **guaranteed results and high-quality workmanship, engage with an experienced electrical services provider that you trust.**

Owned and managed by **Phoenix Electric Services and bringing over 35 years of experience,** Electric Car Charger Ireland is one of the top installation and service providers in Ireland. Get in touch with one of our experts by scanning the QR code below.

1 PICK YOUR INSTALLER

2 CHOOSE YOUR CHARGER

With all the chargers out there, how do you know which one is right for you? **Electric Car Charger Ireland offers three different categories of chargers.** We have some basic no-frills chargers suitable for all types of electric vehicles all the way up to our commercial range.

3 GET YOUR GRANT!

If you are a private owner of an eligible EV in Ireland, **you can apply for a government supported grant of up to €300** to assist with the cost of installing an electric vehicle charge point at your property. **So be sure to take advantage of these cost savings by following these steps!**

➔ CALL ELECTRIC CAR CHARGER IRELAND ON (01) 515 93 36

Unlike a lot of other installers in the market, we work with our customers from the outset and will **come out to your property to conduct a free survey** to determine the best charging solution tailored to your needs.

➔ GET SOME DETAILS TOGETHER!

From your electricity bill, take note of your MPRN number, your address Eircode and the make, model and battery size of the electric vehicle.

➔ APPLY FOR YOUR GRANT

Go to seai.ie to apply for your grant

Wait for for your Letter of Offer before commencing any work, otherwise your grant may be forfeited. It usually takes 1-2 weeks to receive your offer letter.

4 FINISH! GET YOUR CHARGER INSTALLED

Congratulations! You are over the finish line of buying your new electric vehicle, applying for your grant and installing a car charger using a reputable provider, like electriccarcharger.ie. **For further information, scan the QR code to the left** and happy electric motoring!
